

DRIED GOODS

2024 CATALOG

DEGLET NOOR ON-STEM

Native to Tunisia, Deglet Noor dates are known for their medium size, elongated shape, slightly crispy texture and dark color. Their texture is semi-dry and their flavor is complex, like caramel and molasses with notes of almond, and less cloyingly sweet than a Medjool. In this pack they are shipped on their stems with the pit intact. On-stem Deglets are ideal for displays and cheese or charcuterie boards.

Description	Pack Sz.	COO	Type	Label	Case Dim.	Pallet Qty.

DEGLET NOOR PITTED—HADLEY

Native to Tunisia, Deglet Noor dates are known for their medium size, elongated shape, slightly crispy texture and dark color. Their texture is semi-dry and their flavor is complex, like caramel and molasses with notes of almond, and less cloyingly sweet than a Medjool. These Deglets are pitted and ready-to-use for snacking, in trail mix, or in baking. This is the preferred date for baking or cooking, as they are easy to chop and firm enough to stay chewy when cooked.

ALLERGEN NOTICE:

Dried fruits under the International label are produced on shared equipment that also processes peanuts, tree nuts, soy, milk, eggs, sesame, and wheat

STORAGE AND HANDLING

Store dry fruit in a dark, cool area at ambient temperature. Fruit should be stored in original packaging until use for best shelf-life. Once opened, store in an air-tight container or glass jar. Do not store dried fruit near heat sources as this can affect the moisture content of certain dried fruit varieties.

BLACK TRUMPET

Black trumpets are related to chanterelle and have a similar hint of ripe apricot fruitiness with a mild bitterness, but also offer a rich, smoky flavor that recalls the truffle. Especially aromatic. Pairs well with pasta and eggs.

Description	Pack Sz.	COO	Type	Label	Case Dim.	Pallet Qty.
DRIED MUSHROOM, BLACK TRUMPET	1 LB	CHINA	BAG IN BOX	N/A	10 X 7½ X 9"	150 (25TX6H)

CHANTERELLE

These “golden trumpets” have a unique undercurrent of fruitiness beneath their earthy, richness and meaty texture. They are one of the most popular culinary specialty mushrooms. Often used with poultry, egg, pasta, and cream.

Description	Pack Sz.	COO	Type	Label	Case Dim.	Pallet Qty.
DRIED MUSHROOM, CHANTERELLE	1 LB	CHINA	BAG IN BOX	N/A	10 X 7½ X 9"	150 (25TX6H)

FOREST BLEND

This flavorful blend has a variety of dried mushrooms including porcini, shiitake, oyster, and wood ear. The mixture of these varieties provide a rich umami flavor to add to soups, sauces, and stir-fries.

Description	Pack Sz.	COO	Type	Label	Case Dim.	Pallet Qty.
DRIED MUSHROOM, FOREST BLEND	1 LB	CHINA	BAG IN BOX	MUSHROOM HOUSE	10 X 7½ X 9"	150 (25TX6H)

MAITAKE

Maitake mushrooms are nicknamed “hen of the woods” for their ruffled, feathery look. They are a favorite in Japan where they are revered for their delicate woodsy flavor and medicinal qualities. Versatile with a tender texture.

Description	Pack Sz.	COO	Type	Label	Case Dim.	Pallet Qty.
DRIED MUSHROOM, MAITAKE	1 LB	CHINA	BAG IN BOX	MUSHROOM HOUSE	10 X 7½ X 9"	150 (25TX6H)

MOREL

The peak season for fresh morel is a short window in the spring, but dried morel is available year-round. Even dried, morel still possess their characteristic smoky, rich flavor and chewy texture. Delicious with English peas and cream.

Description	Pack Sz.	COO	Type	Label	Case Dim.	Pallet Qty.
DRIED MUSHROOM, MOREL	1 LB	CHINA	BAG IN BOX	N/A	10 X 7½ X 9"	150 (25TX6H)

OYSTER

Named for their somewhat oyster-shaped caps. Most commonly a creamy tan color, although they can also be found in yellow and pink. They have a delicate, tender texture with a mild, earthy flavor. Great with pasta and cream.

Description	Pack Sz.	COO	Type	Label	Case Dim.	Pallet Qty.

TART CHERRY JUICE

Pocasville's tart cherry juice comes from natural tart cherries. These cherries give the juice a deep red color and a rich, tart, and tangy cherry flavor. This juice is known for having many health benefits from antioxidants and vitamins.

POMEGRANATE JUICE

Pocasville's all natural 100% pomegranate juice has a sweet, tart, and pleasant flavor, similar to that of an actual pomegranate. Pomegranate juice is known for being a good source of antioxidants as well as fiber.

STORAGE AND HANDLING

Store Pocasville natural juices in a refrigerated area at 32-35°F. After opening, the juice should be refrigerated and can be kept for up to 6 months. This juice comes in a glass bottle and must be handled with care.

FruPack is an exotic fruit pulp and nectar producer, manufacturer, and distributor disrupting the market since 2018. Their manufacturing facilities in the heart of tropical Colombia mean only the freshest fruits are used to make their line of colorful, retail-ready fruit purees. They handcraft each product in small batches to ensure authentic flavor and freshness.

BLACKBERRY

SPECIAL ORDER

Blackberry purée is made from some of the freshest blackberries. Its texture is primarily smooth, though there may be some skin remnants. The pulp has a rich, sweet-tart flavor that pairs well in sweet and savory dishes.

Ingredients: [CALL](#)

MANGO

SPECIAL ORDER

With a sweet tropical flavor and undertones of tartness, mango purée is one of the most versatile pulps. It can be added to cocktails, desserts, and made into delicious dressings and jams.

Ingredients: [CALL](#)

COCONUT

SPECIAL ORDER

Coconut purée is made from the fresh, creamy inside of a brown coconut. It's the perfect way to add its sweet, nutty flavor to dishes without the hassle of opening the coconut yourself!

Ingredients: [CALL](#)

NARANJILLA

SPECIAL ORDER

Also referred to as lulo, naranjilla pulp has a complex flavor profile. Its sweet-tart and tropical flavor is often described as the 'nectar of the gods' and can be used in cocktails and other juices.

Ingredients: [CALL](#)

GUAVA

SPECIAL ORDER

Guava purée is made from tropical pink guavas. This variety has a golden yellow skin and a beautiful, pink flesh. Its flavor is sweet and mild, with a tropical aroma. Use as a glaze for ham, in desserts, and more.

Ingredients: [CALL](#)

PAPAYA

SPECIAL ORDER

Papaya purée is smooth, sweet, and very rich in flavor. Like many other pulps, papaya purée packs a slew of health benefits, making it a preferred purée variety for kids and babies.

Ingredients: [CALL](#)

PASSIONFRUIT

Made from YELLOW passionfruit – a variety that is extremely rare to find fresh on the commercial market. Sweet and very tart!

Ingredients: Passion Fruit Pulp, Water, Sugar, Antioxidant, Stabilizer, Antifoam, pH Regulator, Sweetener

SOURSOP

Fresh soursop is extremely difficult to import, but this fresh soursop purée gets you pretty close! Complex flavor with notes of pineapple, coconut, and sour citrus!

Ingredients: Soursop Pulp, Water, Sugar, pH Regulator, Antioxidant, Stabilizer, Antifoam, Sweetener

PINEAPPLE

SPECIAL ORDER

Golden yellow pulp with that classic sweet, tropical pineapple tartness. Perfect for cakes, cocktails, and sauces, like tropical BBQ sauce.

Ingredients: CALL

TAMARILLO

SPECIAL ORDER

Tamarillo is an exotic fruit with a savory, tart flavor. Tamarillo pulp can be used in savory and spicy dishes, like pastas, soups, and hot sauces.

Ingredients: Tree Tomato Pulp, Antifoaming Agent, Antioxidant, Sweetener, pH Regulator

Authentic Italian Foods Since 1950

DeLallo began as an Italian market in Jeannette, PA, just outside of Pittsburgh. The DeLallo family believes that each product should tell a story and deliver an authentic Italian experience. They make a promise to the consumer—one of quality and consistency. These principles are at the heart of DeLallo’s success as one of the nation’s leading and most trusted Italian and Mediterranean foods brand

LEMON JUICE SLICE

DeLallo lemon juice is made in Italy with authentic Sicilian grown lemons. The juice is 100% freshly squeezed and mixed with lemon essential oil that’s extracted from their rinds. No water or concentrates added – it’s truly natural!

INGREDIENTS: Lemon Juice, Lemon Oil, Potassium Metabisulphite (Preservative) *Contains Sulfites*

LIME JUICE SLICE

DeLallo lime juice is freshly bottled in Italy. The juice is made from freshly squeezed limes along with oil extracted from their rinds. No water or concentrates added – just pure tart lime goodness!

INGREDIENTS: Lime Juice, Lime Oil, Potassium Metabisulphite (Preservative) *Contains Sulfites*

STORAGE AND HANDLING

Store DeLallo juices at a cool, ambient temperature for best shelf-life. PET bottles are extremely durable but are not heat resistant. Do not store near any operational machines that produce heat. DeLallo juices are extremely convenient in ready-to-use and easy-to-squeeze bottles.

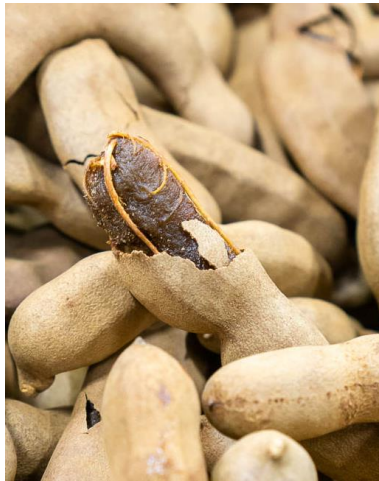

SOUR TAMARIND, SEEDLESS, RETAIL

Seedless tamarind is sour tamarind pulp that has had the pods, seeds, and string-like fibers 95% removed. Note that there may be some residual seeds, as the pulp is very sticky. The pulp is reshaped and packaged into a convenient brick for easy processing into tamarind paste for use in a multitude of dishes. **This is a retail-friendly product with a UPC code!**

SOUR TAMARIND

The most common variety of tamarind, sour tamarind is known for its extremely tangy and sour flavor. It has heavy notes of earthiness, caramel, lemon, and lime. The brittle, hard outer shell is not eaten. It is peeled away to reveal the brown pulp inside. The pulp is soaked in warm liquid to soften so the seeds and fibrous strings can be strained out. The strained pulp paste is then used in many different savory recipes.

CULINARY USE

Sour tamarind is the preferred variety for savory dishes and is perfect for making chutney's, sambar, and curries.

SWEET TAMARIND, RETAIL

Sweet tamarind comes from certain varieties of tamarind trees that produce a very sweet paste. The flavor is sour but is balanced by a natural, candy-like sweetness. It is best used in desserts and drink applications, rather than in savory dishes like sour tamarind.

Description

These Grade A Prime Gourmet Tahitian vanilla beans are around 30% moisture and intended for cooking. They are preferred for situations in which the chef intends to scrape the caviar from the beans to make, for instance, fresh ice cream.

Whole cured vanilla beans can have varied flavors depending on their origin, including bold and fruity, dark and earthy, or buttery and creamy. Tahitian vanilla beans are typically more complex than the common Madagascar vanilla beans that are used to make most commercial vanilla extract. The Tahitian vanilla beans have sweet, floral notes that make it ideal for use as a culinary ingredient.

KEY PRODUCT DETAILS

TYPE: Tahitian

GRADE: A

COO: Tahiti

PACK SIZE: 4 OZ

OF BEANS: Approx. 18-30

SHELF LIFE: Indefinite with proper storage, but best within 1 year

HOW TO EXTRACT VANILLA BEAN CAVIAR

Use a sharp knife to slowly slice lengthwise down the center of the pod, starting just below the curled tip. Next, with one hand delicately holding the vanilla bean, hold your knife perpendicular and scrap the blade across the length of the vanilla bean, collecting the caviar along the blade.

STORAGE & HANDLING

DO NOT PUT VANILLA BEANS IN THE REFRIGERATOR OR FREEZER! Keep in the original vacuum sealed packaging and store at 55-60°F. The cold air can dry the pods out and create mold. Once opened, triple wrap in freezer bags, squeezing as much air out as possible, and store in a cool dark place away from the oven.
